MANAGEMENT DISCUSSION AND ANALYSIS

Business Review and Prospects

In the first quarter of 2021, the Group maintained its prudent business strategy. As at March 31, 2021, the revenue of the Group amounted to RMB21 million, representing a decrease of approximately 64.1% as compared to RMB58.5 million in the same period of 2020. The decrease in revenue was mainly due to the decrease in gross billing in jointly operated games, our self-developed products are still under research and development stage and the cyclical impact of film business. For film business, “原來你是這樣的顧先生” was launched on Tencent Video on March 30, 2021 and attracted over one hundred million views in the first three days of broadcast, being one of the most popular online dramas launched with highest number of view counts in the same period. For game business, the Group further refined its product structure in response to the opportunities and challenges in the market.

The Group has put great efforts in the research and development of new products for its game business and several projects are at the advanced stage of research and development and commenced technical testing which are in the pre-publish stage. We will continue to develop our female-oriented and light to moderate casual games and strategically further explore key overseas markets, such as South Korea, Japan and North America.

In respect of filming business, new dramas or films have been launched continuously. “原來你是這樣的顧先生”, a drama jointly produced by the Group and Tencent Video, was officially broadcast on March 30, 2021 and has been one of the trending searches on major media platforms since the first day of broadcast. As the second online drama in this year, “花好月又圓” is scheduled for broadcast.

The artist agency business of the Group has been well organized. Four potential upcoming pop stars of the Group have been developed by participating in film production and managing new media platforms and are ready to demonstrate their strengths with their excellent performance.

In the future, the Group will continue to implement its strategies to continuously acquire excellent IPs and to develop high-quality products. The Group aims to promote the development of the industry and foster culture with its high-quality products in order to establish reputation of the Group and create branding effect.

Research and development of new products and accelerating expansion of overseas game markets of Linekong Games

In order to further enrich the Group's product portfolio, our game business team established a product line of light to moderate casual games. The Group's self-developed game "精靈大亨", named as Coin Tycoon in overseas markets, is based on the civilization evolution and technology development of fairyland where players can casually interact and the testing of which has been launched around the world. The retention and payment results of the game are satisfactory and the game will be launched for testing in China.

"蠻荒紀元" is the newest generation of the Group's MMORPG fairy tale mobile game and features aesthetic realism graphics to provide players with a glimpse of the splendor and prosperity of ancient era and a glamorous fairy tale experience. The technical test of the game is currently under way and the commercial test of the game is expected to be commenced in 2021.

Besides, the development of "甄嬛傳之浮生一夢", a female-oriented AVG+RPG game jointly developed by the Group and its partners, is at its advanced development stage. The game allows players to embark on an elegant and romantic journey in 2D style graphics from first-person perspective and players can experience various fun features of the game, including dress fitting, romantic relationship development and business operation; while revisiting the legendary IP classic, "Zhen Huan (甄嬛)", the players can appreciate the glamour of a dynasty in its golden age and embark on a new and surprising adventure.

Based on our research and analysis of overseas markets, the Group further cultivates the market in South Korea and continues the stable operation of “大航海時代”. The Group has also decided to choose Japan as its second target overseas market after South Korea. Our Japan distribution team was established in 2019, all of its members have experience in distributing top 30 best-selling games in Japan. Prior to that, the Group has been exclusively licensed to adapt and globally distribute the mobile version of the epic ARPG Japanese game “Ys VIII”. The entire adaptation of the “Ys VIII Mobile” is supervised by Falcom, exquisitely offering players with impressive gaming experiences. Apart from engaging well-known Japanese writers to refine and upgrade the plot of the game, a number of famous Japanese painters are gathered to create beautiful artworks.

Having received overwhelming responses from its participation in the Tokyo Game Show (“TGS”) in 2019, “Ys VIII Mobile” also participated in the TGS Online in 2020. Despite having to be carried out online due to the pandemic outbreak in 2020 where exhibitors presented their products via playback or live streaming, the presentation remained highly received with real-time broadcast on various major streaming platforms such as DouYu, Bilibili, Huya Live in China. “Ys VIII Mobile” displayed its latest game PV and various details of the game in development, such as characters, architecture and transitional animations and has been tracked by various renowned game media such as 4Gamer and Famitsu. The game remained popular in Japan and was well-received and recognized by new and experienced players. The game has entered the final stage of completion and optimization and is scheduled to commence testing in 2021.

In addition, during the reporting period, games such as “Uproar in Heaven (鬧鬧天宮)” (distributed under the Tencent A.C.E Program) and “Daybreak Legends (黎明之光)” have continued to contribute stable operating income to the Group. The Group will continue their promotion and operation.

Linekong Pictures has established a sound product matrix, ensuring that prime dramas and secondary dramas will continue to be well-received

In 2021, the matrix product development of Linekong Pictures has achieved satisfactory results. Linekong Pictures focuses on target audiences to ensure that our prime dramas and secondary dramas will continue to be well-received. After four years of experiences and brands accumulation, Linekong Pictures has accumulated multiple potential pieces with excellent contents, including prime dramas (頭部劇), secondary dramas (腰部劇) and movies (電影).

In terms of prime IPs (頭部 IP), Linkong Pictures held masterpieces such as “琴瑟緣” and “雲海傳”. Historical-style IP, “琴瑟緣” is the first ancient costume fairy and devil drama in China based on ancient music and its filming is planned to commence in 2022. The original IP was selected and ranked first in the 2017 List of National Items for Reforms and Development (改革發展項目庫二零一七年入庫名額) of the State Administration of Press, Publication, Radio, Film and Television. The comic which the drama bases on was selected for the 2016 Mobility Supporting Plan for Chinese Original Comic and Animation (二零一六年原動力中國原創動漫出版扶持計劃) by the National Radio and Television Administration (國家廣電總局). “雲海傳” is the first ancient-setting youth adventure online drama in China produced by the Group — through a treasure hunt journey without a map, revealing the truth of a ten-thousand-year treasure. It is a courageous and enthusiastic story of three young men growing up together hand-in-hand in adversity and making choices between right and wrong. Its filming is planned to start in 2021.

After several dramas, namely “Long For You (我與你的光年距離)”, “Unexpected (來到你的世界)”, “Long For You 2 (我與你的光年距離2)” and “Love The Way You Are (身為一個胖子)”, “原來你是這樣的顧先生”, a new online drama jointly produced by the Group, Tencent Video and Tencent Penguin Pictures, is officially broadcast on Tencent Video in March 2021. The potential upcoming pop stars such as Chen Jingke (陳靖可), Yan Zhichao (嚴智超), Ding Jiawen (丁嘉文) starred in this drama which talks about a special kind of love story in the city with light comedy and fashion elements. In the first three days of broadcast, the drama already attracted over one hundred million views and has been one of the trending searches for several times. The ancient romantic drama “花好月又圓”, an excellent original IP jointly developed by the Group and Youku, is under preparation for its launch and marketing and is expected to be launched in 2021.

In 2021, the Group will continue to enrich its IP reserves. “喂兒”, a new style drama, is a key project of the Group adapted from a popular IP written by Nan Bei Zhu Feng (南北逐風) of Changpei Wenxue (長佩文學). Through the growing up story of a pair of bound crosstalk partners with a love-hate relationship, the drama reveals an inspirational youth story about the inheritance of crosstalk, integrating traditional culture with youth and enthusiasm. Through the story of characters who strive to revive traditional culture despite hurdles, the drama unravels the impact of traditional culture on youngsters nowadays in order to promote the treasure of the Chinese culture and boost positive energy among the Chinese youngsters. “錦堂春宴”, an ancient costume female and inspirational drama, is adapted from a popular IP of the female channel of Qidian (起點). Through the inspirational story of a miserable girl from a peasant family building her wonderful life with peerless cooking skills and tenacious spirit, the drama unravels the traditional food carving skill and promotes culture of Chinese cuisine. The filming of these two dramas is expected to commence in 2021. In addition, the Group reserved several popular dramas, including a female emotional and inspirational idol drama “初戀循環”, adapted from a novel titled “少女甜”, a well-known IP from JinJiang Wenxuecheng (晉江文學城) and an urban romance drama “對你不止是喜歡”.

Chenxi Entertainment showed a rapid development and four excellent upcoming pop stars have been moving onward and upward steadily

Ding Jiawen's performance as a "fairy" named Cao Ping (曹評) in "Serenade of Peaceful Joy (清平樂)", a popular TV series, was highly appraised, and had been one of the trending searches on Weibo Hot Searches for several times. He also starred as the lead actor in "乘風少年" which was broadcast on two platforms in September 2020. The drama has been one of the trending searches and hot topics. His outstanding performance in the role Zhang Yin (章尹) in "原來你是這樣的顧先生", a popular drama broadcast on Tencent Video in the first quarter of 2021, was highly appraised.
